Meeting #1: A little bit about UoG FAS

18/10/2019

UNIVERSITY OF  
GLOUCESTERSHIRE

First Aid Society

# Some Questions That You Might Have:

- Who are you?
- What am I letting myself in for?
- Is our cause worthy of Your time?
- Do I need any experience?
- What are some expected costs?
- What level of training do you provide?
- Who are the Organisations you're partnered with?

# About Us

- Previously established & operational in the early 2010's, kickstarting again as a separate entity in mid-2018.
  - A Former St. John Ambulance Volunteer Unit for the Region
- Fundamental principal of promoting Student Welfare (First Aid awareness is one of many faces of such)
  - We provide a platform for our partners to deliver First Aid Training to **everyone** regardless of previous experience (those who want it...)
- Offer a very wide-variety of opportunities for volunteering!

# What am I Letting Myself in For?

- It's a pertinent question.

**ANSWER:**

**Whatever **YOU** want!**  
(and a crackin' CV)

# Continued...

- Unlike other Societies, we don't expect or enforce a minimum amount of commitment!
- Life's busy, we're all here for a Degree and Assignments stack-up. Plus, have you been to top floor Moos on a Wednesday?
- With that being said, the more time you put in – the more you get out. The more seats we can fill, the higher-level of training we access!
- Other than the £1 Student Union enforced membership fee, we don't charge for membership!

# And for the Necessary Experience/Knowledge?

**Absolutely none!**

- Everyone *can* and *should* learn the minimum of life-saving techniques.
- Accidents happen! Try explaining to your Parents that you broke your leg on a sun-lounger...I did!
- In all seriousness, it may never happen – but if a serious medical emergency occurs; Can you help?

# You Said Volunteering?

You're right. I did.

- We help out with a lot of events! Just for an idea...
  - UoG Pub Sports Help-For-Heroes Pub Crawl
  - Cheltenham's 2019 Half Marathon
  - Student Nights in Cheltenham's Night Time Economy
  - Fresher Move-In Days
  - University Open Days
  - We want to expand!

# Volunteering Uniforms

As Volunteering is optional,  
and we do not have  
dedicated-funding (yet)

Uniforms are purchased at  
your expense!

But we have an **extremely**  
competitive price for them.

# Met Gala Who?

With UoG FAS, Yellow's not only your colour  
but ours too! Cute!

(And a bit of red, dabble of black and a splosh of white.)

# No Plasters? No Problem.

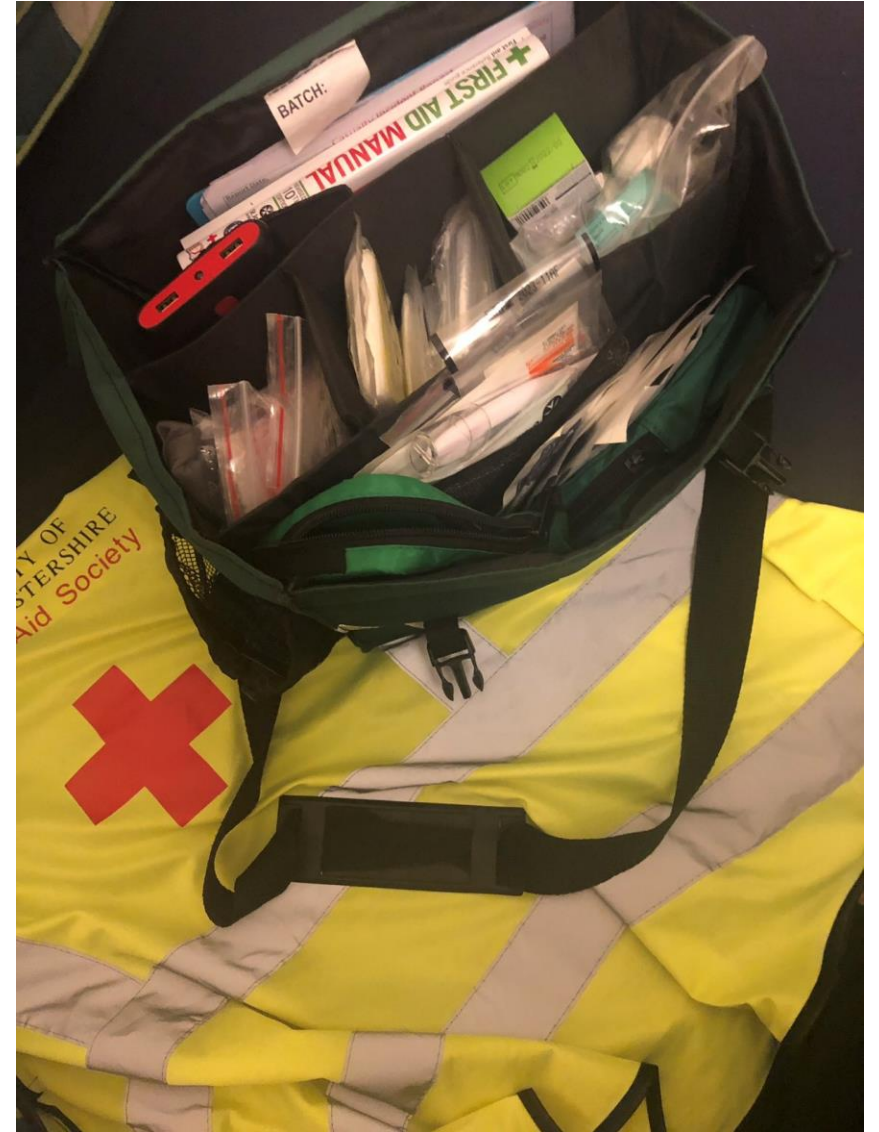

- When push comes to shove, **essential** life-saving skills can't be packed into a Medical Bag.
- Who carries around a 300-piece medical kit on the way to Lidl? No one – unless you live near a very dangerous Lidl. After all, the pastries do fly off the shelves; It's a serious game.
- In times of crisis, **YOU** can help.

# The Kit's *Kinda* Important Too

UoG FAS live *wild lifestyles*.

Yes, you guessed right – **bandage race-offs**.

UoG Athletics...watch out.

  - Most of our kit-consumables is accrued through SJA
  - Providing platforms for formal training and certification if pursued

# Our Prospective Roadmap for the Society:

- September:

- Initial recruitment drive of Members & developing the relationships with our Partners
- Forming a much more concrete path on how the Society should progress and advertise itself as.
- Resourcing with the local St. John Ambulance Cheltenham Unit.

- October-December:

- Beginning First Aid Awareness Provisioning with our Partners to both Members and accommodating non-Members (with Members given priority)
- Committee / Selected Members begin unit leadership training with St. John Ambulance for pre-requisites to re-forming as a SJA Unit if desirable for the Society.

# Continued...Our Prospective Roadmap of the Society:

- January-Onwards:

- Progressing the available First Aid training & volunteering opportunities within the Society to advanced levels.
- Pursuing SJA ties if considered best direction for the Society & Members.
  - Relationships with Partners will still be continued
- If continuing as an SJA LINKS Unit isn't suitable for all parties at the current time, Society will proceed as per-norm.

# Our Technologies – Asset Management

- We quickly realized that an Excel spreadsheet (or two) wouldn't suffice for managing our equipment and medical supplies!
